ANNEXURE TO NOTICE

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 in respect of resolutions at Item No. 4 & 5

Item No.4:

The present term of Sri E. Sathyanarayana, Managing Director and Chief Executive Officer will expire by 30th September, 2024. Sri E. Sathyanarayana had been appointed as Managing Director from 1st October, 1987. It is considered desirable and beneficial for the Company and also in the best interest of the Company to re-appoint him as Managing Director and Chief Executive Officer for a further period of 5 (Five) years from 1st October, 2024.

In view of his experience and expertise knowledge and in pursuance of Section 196(3) read with Schedule V of the Companies Act, 2013, the Board of Directors recommends the continuance of the employment of Sri E.Sathyanarayana as the Managing Director and Chief Executive Officer beyond the age of 70 years till the expiry of his term of office. The Board therefore recommends the special resolution set out at Item No.4 of the Notice.

It is proposed to seek the members' approval for the re-appointment and fixing the remuneration payable to Sri E.Sathyanarayana as Managing Director and Chief Executive Officer in terms of the applicable provisions of the Act.

Sri E.Sathyanarayana and his relatives who are members of the company are deemed to be interested in the resolution set out at Item No.4 of the Notice,

Save and except of the above, none of the other Directors, Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the said resolution.

Item No.5:

M/s. Sree Dinakar Fabrics Private Limited. requested for intercorporate Loan upto Fifty Lakhs as per requirements vide their letter dated 24th May, 2024 for purchasing Machines to increase their doubling unit capacity to meet the additional doubled yarn requirement of Sree Satyanarayana Spinning Mills Ltd.

It is considered and beneficial to grant intercorporate loan to meet the additional doubled yarn requirement of Sree Satyanarayana Spinning Mills Ltd. The Board therefore recommends the special resolution set out at Item No.5 of the Notice.

As per section 185 of the Companies Act, 2013, a company may advance any loan including any loan represented by a book-debt, or give any guarantee or provide any security in connection with any loan taken by any person in whom any of the Director of the Company is interested, subject to the condition that (a) a special resolution is

passed by the Company in general meeting and (b) the loans are utilized by the borrowing Company for its principal business activities.

Board of Directors of the company, at its meeting held on 1st June, 2024, recommends to extend intercorporate loan / advance to the maximum amount of Rs.50,00,000/- (Rupees Fifty Lakhs only) in one or more tranches to Sree Dinakar Fabrics Private Limited, a Private Limited company in which directors are interested for the purpose of purchasing Machines to increase their doubling unit capacity.

The consent of the members is, therefore, being sought for passing the aforesaid resolution of the notice as a Special Resolution.

Except Mr. Chintha Joga Rao, all other Directors and / or Key Managerial Personnel of the Company or their respective relatives are deemed to be concerned or interested, financially or otherwise in the said resolution.

VII. Developments, acquisition and assignment of material Intellectual Property Rights:

There were no major developments, acquisition and assignment of material Intellectual Property Rights

VIII. Any other material event having an impact on the affairs of the company:

No other material event having an impact on the affairs of the company.

OUTLOOK:

Profitability was affected by lower cotton-yarn spreads and inventory losses. However, any further slowdown in demand from the downstream industries and any adverse movements in domestic cotton prices vis-a-vis international prices in the near time will bear watching

Global cotton consumption is projected to remain low, with major consumers like India facing sluggish demand. Also, the current stock-to-use ratio is at its highest level since the pandemic's beginning, indicating ample supply.

What's more, despite the weak demand outlook, some factors could be driving speculation. China's increased import forecasts, despite high stockpiles, could be seen as an attempt to manipulate prices, some analysts say. Geopolitical tensions are another factor, as the ongoing trade war and wars in Europe and the Middle East could disrupt cotton production or trade flows, leading to price volatility.

The Govt. of India has abolished import duty on extra-long staple cotton. Regulation on import of cotton and sale of cotton by Cotton Corporation of India must be rational, not reactive.

Despite these, the trend of lower realisations is expected to continue going ahead and near term recovery is unlikely.

SSSM remains committed to implement its 'asset right' strategy, focus on sweating existing assets, create additional revenue streams and pursue alternative structures in line with industry recovery dynamics towards engendering the next horizon of growth as also enhancing value creation.

TRANSFER TO RESERVES:

Your Company has not transferred any amount to its General Reserves during the year under review.

Independent Auditor's Report

To The Members of **SREE SATYANARAYANA SPINNING MILLS LIMITED, TANUKU**

Report on the Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **Sree Satyanarayana Spinning Mills Limited.**, which comprise the Balance sheet as at 31st March, 2024, the Statement of Profit and Loss (including other comprehensive income), the statement of Cash Flows and the statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us the accompanying financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March , 2024, the profit and total comprehensive profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report including annexure to Board report and Shareholder's information but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, , financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (IND AS) prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance,

but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirement

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013 we give in the Annexure A, a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.
- 2) As required by Section 143(3) of the Companies Act, 2013 we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Cash Flow Statement and the changes in equity dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India.
 - e) on the basis of written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) with respect to the adequacy of internal financial controls with reference to Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B", Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls with reference to financial statements;
 - g) with respect to the other matters to be included in the Auditor's report under section 197(16), in our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to the managing director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.
 - h) with respect to the other matters to be included in the Auditor's report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to

us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements - Refer Note 31 to the Ind AS financial statements;
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. As stated in Note 13 to the financial statements

(a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.

(b) The Board of Directors of the Company have proposed 45 percent dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

vi. Based on our observation, the company has accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

ANNEXURE - A to the Independent Auditor's Report

The Annexure referred to in Paragraph 1 under the heading of "Report on other Legal and Regulatory Requirements" of our report of even date, to the members of **Sree Satyanarayana Spinning Mills Limited, Tanuku** for the year ended 31st March 2024.

We report that:

- (i) (a) In respect of the Company's Property, Plant and Equipment and Intangible Assets
 - (A) The company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant & Equipment.
 - (B) The company does not have any intangible assets and hence reporting under this clause is not applicable to that extent.
 - (b) The Property, Plant & Equipment are physically verified by the management according to a phased program designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Pursuant to the program, during the year under report the management has physically verified its Property, Plant and Equipment and no material discrepancies were noticed on such verification.
 - (c) Based on our examination of the property tax receipts, land on which building is constructed, registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
 - (d) The company has not revalued any Property, Plant & Equipment and intangible assets during the year and hence reporting under this clause is not applicable to that extent.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii). (a) The inventory has been physically verified by the management at reasonable intervals. The coverage and procedure of such verification is appropriate and the discrepancies noticed during such physical verification of inventories as compared to books have been properly dealt with in the books of account. The discrepancies in each class of inventory does not exceed 10% of the aggregate of each class of inventory.

- (b) The company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks or financial institutions on the basis of security of current assets and the quarterly returns filed by the company are in agreement with the books of accounts except (Refer Note No. 18) in respect of inventory where there are certain variances as disclosed in note referred above.
- (iii). During the year the company has not made investments in, granted any loans or advance in the nature of loans, guarantee or security, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties. Therefore, the provisions of clause 3(iii)(a), 3(iii)(b), 3(iii)(c), 3(iii)(d), 3(iii)(e) & 3(iii)f of the said Order are not applicable for the year under report.
- (iv). In our opinion and according to the information and explanations given to us, the company has not granted any loans, guarantees and security in accordance with the provisions of section 185 of the Companies Act 2013. During the year, the company has advanced an amount of Rs. 35.90 lakhs being the conversion charges for doubling process to a company in which the directors are interested. The company has complied with the provisions of section 186 of the Companies Act 2013, in respect of loans provided and investments made by the Company.
- (v). The company has not accepted any deposits from public that come within the purview of provisions of section 73 to 76 and other applicable provisions of the Companies Act, 2013 and Companies (Acceptance of Deposits) Rules, 2014 with regard to the deposits accepted from the public and amounts which are deemed to be deposits. According to the information furnished to us, no order has been passed on the company by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal for non-compliance with the provisions of Sections 73 to 76 of the Companies Act 2013.
- (vi). We have broadly reviewed the books of account and records maintained by the company, pursuant to the Rules made by the Central Government for the maintenance of Cost Records under section 148 (1) of the Companies Act, 2013 and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- (vii). (a) According to the information and explanations given to us and on the basis of our examination of the records of the company, in our opinion, the company is regular in depositing with the appropriate authorities, the undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Goods and Service Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other statutory dues applicable to it.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Income Tax, Sales Tax, Goods and Service Tax, Service Tax, duty of customs, duty of Excise, value added tax, cess and other statutory dues were in arrears as at 31st March 2024 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there were no amounts of Sales Tax, duty of Customs, Goods and Service Tax, duty of Excise, Cess, Income Tax, Service Tax, Provident fund, Employee State Insurance, Value added tax and other statutory dues applicable to it that have been disputed by the company at the date of the balance sheet under report. Hence, reporting under clause 3(vii)(b) is not applicable.
- (viii). There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Hence, reporting under clause 3(viii) is not applicable.
- (ix). (a) According to the records of the company examined by us, and the information and explanations given to us, there were no defaults in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year under report.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The company does not have any subsidiaries, associates or joint ventures and hence, reporting under clauses 3(ix)(e) and 3(ix)(f) are not applicable.
- (x). (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) No fraud by the Company and no fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) According to the information and explanations given to us, the company has not received any whistle blower complaints during the year.
- (xii). The company is not a Nidhi company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii). According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and the details of such

transactions have been disclosed in the financial statements as required by the applicable Ind AS. Further, the Company is not required to constitute an audit committee under Section 177 of the Act, and accordingly to the extent of paragraph 3(xviii) of the Order is not applicable to the Company.

- (xiv). Considering the requirements of section 138 of the Companies Act, the company Sree Satyanarayana Spinning Mills Limited is not required to appoint an internal auditor. Hence, reporting under the clause 3(xiv) of the Order is not applicable.
- (xv). In our opinion during the year the company has not entered into non-cash transactions with directors or persons connected with its directors, and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi). (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016 and accordingly reporting under 3(xvi)(d) of the Order is not applicable.
- (xvii). The Company has not incurred cash losses during the financial year covered by our audit and the Company has incurred cash loss which amounts to Rs.3,80,69,778 during immediately preceding financial year.
- (xviii). There has been no resignation of the statutory auditors of the Company during the year.
- (xix). On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.

There are no ongoing projects, and hence no unspent amount required to be transferred to special account in compliance with the provision of sub-section 6 of section 135 of the Companies Act, 2013. (xxi) The company do not have any subsidiaries, associates or joint ventures and hence consolidation of accounts does not arise and hence, reporting under clause 3(xxi) is not applicable.

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 2(f) under “Report on Other Legal and Regulatory Requirements” section of our report to the Members of Sree Satyanarayana Spinning Limited of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Sree Satyanarayana Spinning Limited**, as of 31st March 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over financial reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March 2024, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

Brief description of the Company

Sree Satyanarayana Spinning Mills Limited will focus on raw material selection, operational excellence and continual incorporation of latest machinery and technology to produce consistent high-quality yarn to exceed customer expectations with its highly technical and responsive team force committed to integrity and honesty.

The company is a public limited company incorporated and domiciled in India and has its registered office at Tanuku, Andhra Pradesh, India.

The financial statements for the year ended March 31, 2024 were approved by the Board of Directors and authorize for issue on 1st June, 2024.

1.1 MATERIAL ACCOUNTING POLICIES

The accounting policies mentioned herein are relating to the financial statements of the Company.

a) Basis of preparation of financial statements

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The financial statement has been prepared on the historical cost convention under accrual basis of accounting except for certain financial assets and liabilities (as per the accounting policy below), which have been measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

b) Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future period.

This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

c) Significant Estimates and judgments

The areas involving critical estimates or judgments are:

- i) Estimation of fair value of unlisted securities-
- ii) Defined benefit obligation -
- iii) Estimation of useful life of Property, Plant and Equipment –
- iv) Estimation and evaluation of provisions and contingencies relating to tax litigations –.

d) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and net of returns, trade allowances rebates and amounts collected on behalf of third parties. It includes Packing charges, freight and handling charges but excludes GST.

i) Sale of products

Revenue from sale of products is recognized, when the performance obligation is satisfied, by transferring promised good to the customer. An asset is transferred when (or as) the customer obtains control to the asset, as per terms of contract and it is probable that the economic benefits associated with the transaction will flow to the Company.

ii) Interest Income

Interest income from debt instruments is recognized using the effective interest rate method and is accrued on a time basis. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying value of a financial asset. While calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses.

iii) Dividends

Dividends are recognized in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be reliably measured.

e) Property, Plant and Equipment

Freehold Land is carried at historical cost. All other items of Property Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation / amortization and impairment, if any. Cost includes purchase price, taxes and duties, labour cost and directly attributable overheads incurred up to the date the asset is ready for its intended use. However, cost excludes Goods and Service tax, to the extent credit of the duty or tax is availed of.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is de-recognized when replaced. All

other repairs and maintenance are charged to Profit or Loss during the reporting period in which they are incurred.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/ (losses).

f) Depreciation and amortization

- i) Depreciation on tangible fixed assets is charged over the estimated useful life of the asset,
 - On Factory buildings, Plant and machinery and electrical installations are provided under Straight Line Method.
 - On the remaining assets, under Written Down value method treating the plant as continuous process plant.
 - Depreciation is computed on plant & Machinery treating each machine/equipment as a single unit since the value of components forming part thereof of is insignificant.
 - In respect of the following assets, the useful life has been estimated by the technical personnel which is different from the life given under Part C of Schedule II of the Companies Act, 2013 as detailed here under:
 - Plant & Machinery – 15 years.
- ii) Residual values and useful lives are reviewed, and adjusted, if appropriate, for each reporting period.
- iii) Advances paid towards the acquisition of Property, Plant and Equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under capital work-in-progress.
- iv) Assets to be disposed off are reported at the lower of carrying value or fair value less cost to sell.

g) Impairment

An asset is treated as impaired when the carrying cost of the same exceeds its recoverable amount. The impairment loss is charged to the statement of profit and loss in the year in which the asset is identified as impaired. The Impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

h) Foreign Exchange Translations

- (i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). i.e., in Indian rupee (INR).

(ii) Transactions and balances

- i) Export sales are initially accounted at the exchange rate prevailing on the date of documentation/invoicing and the same is adjusted with the difference in the rate of exchange arising on the actual receipts of proceeds in foreign exchange.
- ii) Import of materials/Capital equipment is accounted at the rates at which the actual payments are affected.
- iii) Foreign currency monetary assets and liabilities such as cash, receivables, payables, etc., are translated at year end exchange rates.
- iv) Non-monetary items denominated in foreign currency such as investments, fixed assets, etc., are valued at the exchange rate prevailing on the date of transaction.
- v) Exchange differences arising on settlement of transactions and translation of monetary items are recognized as income or expense in the year in which they arise

i) Inventories

Inventories are stated at the lower of cost or net realizable value. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and cost necessary to make the sale.

- i) In respect of raw materials and Stores and Spares, cost is determined using First In First Out (FIFO) and weighted average methods respectively except, where the realizable value of the finished goods in which they are used is less than the cost of finished goods and in such event, if the replacement cost of such materials etc., is less than their book values, they are valued at replacement cost. Cost of work-in-progress and finished goods include appropriate portion of overheads etc.,
- ii) Stock of scrap and Cotton waste are valued at estimated net realizable value.
- iii) Tools and implements are valued at cost after providing for obsolescence.
- iv) Machinery spares which can be used only in connection with an item of fixed assets and whose use is expected to be irregular and amortized over the life of the principal asset.

j) Employee benefits

- i) Short term obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii) Other long term employee benefit:

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii) Post-employment obligation:

The Company operates the following post-employment schemes:

- a) Defined benefit plans such as gratuity for its eligible employees,
- b) Defined contribution plans such as provident fund and

Gratuity obligation:

The company's liability to gratuity on retirement to its eligible employees is funded with the Life Insurance Corporation of India, The Incremental expenses thereon for each year is arrived at as per actuarial valuation and is recognized and charged to profit and loss account in the year in which the employee has rendered service

Provident Fund and Employees' state Insurance Scheme:

Eligible employees of Sree Satyanarayana Spinning mills Limited receive benefits from a provident fund and Employees' State Insurance scheme which is a defined benefit plan. Both the eligible employee and the company make monthly contributions to the Provident Fund and Employees' State Insurance equal to a specified percentage of the covered employee's salary.

k) Taxes on income:

Tax expense comprises of current and deferred taxes.

The income tax expense/(income) for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax is the amount of income taxes payable in respect of the taxable profit (tax loss) for a period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

I) Provisions and contingent liabilities

i) Provision:

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. Provisions are discounted when time value of money is material. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expenses.

ii) Contingent liabilities:

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability.

m) Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions/banks, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

n) Cash flow statement:

Cash flows are reported using the indirect method, whereby the profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

o) Financial instruments

Financial assets and financial liabilities are recognized when company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognized and de-recognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

For the impairment policy on financial assets – refer Para No. g.

1) Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognized in profit or loss for FVTOCI debt instruments. For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income and accumulated under the heading of 'investment Revaluation reserve' through other comprehensive income'. When the investment is disposed of the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value through Profit and loss.

2) Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

3) Investments in equity instruments at FVTOCI

On initial recognition, the company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive

income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the 'investment Revaluation Reserve' through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the company manages together and has a recent actual pattern of short-term profit-making; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

The company has equity investments which are not held for trading. The company has elected the FVTOCI irrevocable option for both of these investments. Fair value is determined in the manner described in Para No. "t"

Dividends on these investments in equity instruments are recognized in profit or loss when the company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognized in profit or loss is included in the 'Other income' line item.

4) Financial assets at fair value through profit or Loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortized cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortized cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortized cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring

Assets or liabilities are recognizing the gains and losses on them on different bases. The company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain

or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognized when the company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

5) De-recognition of financial assets

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

6) Foreign exchange gain and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognized in other comprehensive income.
- For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income.

Financial liabilities and equity instrument:

1) Classification as debt or equity

Debt and equity instruments issued by a company entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument

2) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

3) Financial liabilities:

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL.

(i) Financial liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies, maybe designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the company is provided internally on that basis; or
- It forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognized in profit or loss. The remaining amount of change in the fair value of liability is always recognized in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognized in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognized in profit or loss.

Fair value is determined in the manner described in Para "t".

(ii) Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

De-recognition of financial liabilities:

The Company de-recognizes financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference

between the carrying amount of the financial liability de-recognized and the consideration paid and payable is recognized in profit or loss.

p) Borrowings

Borrowing costs incurred in connection with the funds borrowed for acquisition/erection of assets that necessarily take substantial period of time to get ready for intended use, are capitalized as part of such assets. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing's costs. All other borrowing costs are charged to revenue.

q) Current and Non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. In respect of other assets, it is treated as current when it is:

- expected to be realized or intended to be sold or consumed in the normal operating cycle
- held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- it is expected to be settled in the normal operating cycle
- it is held primarily for the purpose of trading
- it is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

r) Dividend:

Final dividends on shares are recorded as liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's board of directors.

s) Earnings per share:

The company's Basic EPS is calculated by dividing profit or loss from continuing operations attributable to ordinary equity holders by the weighted average number of ordinary shares outstanding during the period as per IND AS-33, Earnings per Share.

The diluted EPS of an entity is calculated on the same basis as basic EPS, after adjusting for the effects of dilutive potential ordinary shares unless the effect of the potential dilutive equity shares is anti-dilutive.

t) Fair value measurement:

In determining the fair value of its financial instruments, the company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value resulting general approximation of value, and such value may never actually be realized.

u) Expenditure on Research and Development Programme:

In respect of Research and Development Programme expenditure of capital nature is included in Property, Plant and Equipment and other expenditure is charged off to revenue in the year in which such expenditure is incurred.

v) Non-current assets held for sale:

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets (and disposal group) classified as held for sale are measured at the lower of their carrying amount and fair value less cost to sell.

39. Financial Instruments

The following tables show the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual fund units that have a quoted price. The fair value of all equity instruments which are traded on Stock Exchanges is valued using the closing price as at the reporting period. The mutual fund units are valued using the closing net asset value (NAV).

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. These instruments are collectively not material and hence disclosures regarding significant unobservable inputs used in level 3 fair values have not been made.

Financial Instruments

a) Management of Credit Risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primary trade receivables) and from its investing activities, including deposits with banks and other financial instruments. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables are monitored on a continuous basis by the receivables team.

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified.

b) Management of market risk

- i) Commercial risk
- ii) Fair value risk

The above risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the Management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the Management of, these risks is explained below:

i) Commercial risk

ii) Fair value risk

Potential impact of risk	Management policy	Sensitivity to risk
The Company is mainly exposed to the Fair value risk due to its investments in equity instruments. The Fair value risk arises due to uncertainties about the future market. In general, these securities are not held for trading purposes. These investments are not subject to changes in the market price of securities. The fair value of equity instruments classified as fair value through Other Comprehensive Income as at March 31, 2024 of amount Rs. Nil. (Rs. Nil on March 31, 2023).	In order to manage its Fair value risk arising from investments in equity instruments, the Company maintains its portfolio in accordance with the framework set by the Risk Management policies. Any new investment or divestment must be approved by the Board of Directors, Chief Financial Officer.	As an estimation of the approximate impact of Fair value risk, with respect to investments in equity instruments, the Company has calculated the impact as follows.

Management of Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities and financial activities. The Company's approach to managing liability is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when they become due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Liquidity requirements are maintained within the credit facilities established and are available to the Company to meet its obligations. The table now provides details regarding the contractual maturities of significant financial liabilities as of the reporting date.
